

Laura Stack Introduction

(Note to introducer: please start by reviewing your conduct expectations for assemblies: no phones, earbuds, talking, and hoods down please).

Laura Stack was a best-selling author of 8 books, until her world came crashing down, when her 19-year-old son, Johnny, died by suicide.

Johnny had become psychotic from vaping and dabbing high-THC marijuana concentrates.

Laura responded by forming the nonprofit, Johnny's Ambassadors, to educate teens and parents about the possible impacts of marijuana on brain development, mental illness, and suicide.

Here to share her son Johnny's story, please help me welcome ... LAURA STACK!
