- Healthcare & Prevention Professionals
- Community Advocates

6:00 PM LAURA STACK

*Founder of Johnny's
Ambassadors*

Have you noticed youth using more THC vapes, edibles, etc.? This isn't the hippie weed from the 1960s. Addiction, mental illness, behavioral problems, and psychotic episodes from today's high potency marijuana are on the rise. Laura Stack shares what happened to her son, Johnny, and how millions of people are being harmed by today's THC products followed a 30 minute Q&A .

**free babysitting provided*

THE #THCFREEAMERICA U.S. Tour

JOHNNY'S AMBASSADORS COMMUNITY CONVERSATIONS

- See examples of products used by today's youth
- Discover how THC interferes with adolescent brain development
- Understand how THC use can lead to addiction, mental illnesses, & suicidality
- Discuss what we can do in our communities to educate & prevent THC use
